Aluminum Platform Trucks

Shipment 2-3 weeks
 Freight Classification
 Item 168720, Sub 1
 Class 100
 Terms: Net 30 days

The Cadillac of Platform Trucks.
 If you move large heavy loads,
 day in and day out, this is
 undoubtedly the best Platform
 Truck money can buy!

APT

Type - ED

Clean, non-rotting aluminum
 easier to move than heavier steel or wooden
 trucks. Durable construction will last a lifetime.

Shown with Optional
 Rubber Corner Bumpers - RC

The capacity of the
 platform is determined by
 your selection of caster
 size, and wheel material.

Many of our distributors
 sell casters and can buy
 them for less than we can.
 You can buy the platform
 truck and use your own
 casters to save money!

How to Order

Base Truck **APT-ED-3060**
 Wheel Option **8MOR**
 Options Desired **EH**

Final Model Number **APT-ED-30-60-8MOR-EH**

Aluminum Platform Truck with Extruded deck surface, 30" wide x 60" long, with 8" Mold-On Rubber Tires, and Extra Handle wanted

Standard Equipment

All platform trucks come standard with one handle made from 1.66" OD tubing and pockets on both ends of truck to accept optional handle.

Lightest weight Platform Truck you can buy! Also more durable than wood. Its light weight makes it more maneuverable in tight spots and easier to handle those extra heavy loads.

If you think a two wheel hand truck makes moving things easier just try one of these! Makes you wonder how you ever got along without one.

The Platform Truck will be shipped in an unassembled condition. The casters (including bolts, washers, and locknuts) and handle (or handles) will be attached to the bottom of the platform in a package.

Platform Trucks with Aluminum Treadplate Deck Surface also available. Call for prices!

Optional Items

Extra Handle	EH	Add EH to model number	Add \$ 46.00
Rubber Corner Bumpers	RC		Add \$ 52.00
Rubber Bumpers	RB	Full perimeter strip bumpers	Add \$ 6.40/linear foot
Extra Cross Bar	CB	Add CB to model number	Add \$ 28.00
